INFORMATION FOR RECIPIENTS

How to Prepare for a Financial Assistance Award

Potential recipients of Federal financial assistance awards (cooperative agreements) from the Bureau of Land Management (BLM) can help ensure their success in obtaining an award by following a few important steps. All recipients must accomplish the following:

1. Obtain a DUNS number from Dun & Bradstreet.
2. Register in the System for Award Management (SAM).
4. Enroll in the Department of the Treasury’s Automated Standard Application for Payments (ASAP) system in order to receive payments.
5. Consider registering at www.FedConnect.net where recipients may review posting information in addition to that on www.Grants.gov and have the ability to communicate with BLM for award notifications (registration is optional).

Each one of these five important steps is further described below with website addresses or information to help complete each step.

1. **DUNS Number from Dun & Bradstreet:** [http://fedgov.dnb.com/webform](http://fedgov.dnb.com/webform)

A Data Universal Numbering System (DUNS) number is required for all recipients. This number is assigned by Dun & Bradstreet, Inc. (D&B) to identify unique business entities. The recipient shall register and maintain their information with Dun & Bradstreet. To obtain a DUNS number, contact Dun & Bradstreet at their website above, or by calling 1-866-705-5711. This will take about 10 minutes and is free of charge. This step must be completed before completing the next step, registering in SAM.

2. **System for Award Management (SAM):** [http://www.sam.gov/](http://www.sam.gov/)

SAM was implemented Government-wide on July 30, 2012, and is now the required online registration location for Federal Government vendors and recipients. Registration is free. SAM incorporates the Central Contractor Registration (CCR), the Online Representations and Certifications Application (ORCA), and the Excluded Parties List System (EPLS).
The information input into SAM is the primary method through which the Government facilitates payments through the Department of the Treasury’s ASAP system. See Item 4 for information concerning ASAP.

Grants.gov was born as a governmental resource named the E-Grants Initiative, part of the President’s 2002 Fiscal Year Management Agenda to improve government services to the public: "Agencies will allow applicants for Federal Grants to apply for and ultimately manage grant funds online through a common web site, simplifying grants management and eliminating redundancies."

The concept has its origins in the Federal Financial Assistance Management Improvement Act of 1999, also known as Public Law 106-107. P.L. 106-107 was enacted in November 1999 and the purposes are to:

A. Improve the effectiveness and performance of Federal financial assistance programs.
B. Simplify Federal assistance application and reporting requirements.
C. Improve the delivery of services to the public.
D. Facilitate greater coordination among those responsible for delivering the services.

As a Department of the Interior agency, the Bureau of Land Management is a partner with Grants.gov. We want you and your organization to learn more about Grants.gov so that you can electronically Find, Apply, and Succeed!

It is strongly recommended that your organization begin the process of registering with Grants.gov, as you must utilize Grants.gov to receive awards for Federal financial assistance.

ASAP is a recipient-initiated, on-line payment and information system for financial assistance agreements. Recipients must be registered in ASAP in order to receive payments through the ASAP system by the United States Department of Treasury, Financial Management Services. The recipient will request federal funds that are due directly from the Federal Reserve Bank on a reimbursable basis, requesting only the amount of funds required for disbursements to be made within the next 3-7 days. If the recipient is not subject to payment review, a decision of the BLM Grants Management Officer (GMO), funds will be deposited in their designated financial institution in one to two days.
ASAP should not be confused with SAM, as the ASAP system is the mechanism from which funds flow, while SAM information is the avenue that provides for electronic funds transfers to a recipient’s designated financial institution. To receive payments all recipients must remain active in SAM. New recipients must complete the attached ASAP Enrollment Procedures and Participation Request form and fax it to the number indicated on the form to initiate ASAP enrollment.
